Plans of care reviewed at the time of the inspection didn’t provide clear direction to staff and didn’t address documented changes in residents needs relating to behaviors. Further, plans of care for at least 2 residents stated that they had a diagnosis of dementia and required PASD’s; however, there was no evidence that the required care conferences had been held as per the legislation.

Outcome

The Licensee has advised it has taken corrective action to achieve compliance. RHRA to confirm compliance by inspection.
