<p>Inspection Finding</p> <p>A report was filed with the RHRA concerning an allegation of resident to resident physical abuse at the retirement home. Inspection of the prescribed resident care files of the residents named in the report, revealed the Licensee failed to demonstrate that prescribed plans of care were in place for the residents. Specifically, one plan of care was not completed within the prescribed time frames, and a second plan of care did not demonstrate that the resident or substitute decision maker had approved the plan of care and any revisions to the plan of care. Additionally, the second plan of care did not reflect changes in the resident's care needs as noted as occurring in the resident's care file.</p>
