residents and shall ensure that the policy is complied with.

Inspection Finding

The Licensee failed to follow the directives of the home’s zero tolerance of abuse and neglect policy for more than one incident of resident to resident abuse. Specifically, police were not notified following one incident of physical abuse, and there was no evidence that all of the residents and/or their substitute decision-makers were advised of the findings of the home’s investigations.

Outcome

The Licensee has advised it has taken corrective action to achieve compliance. RHRA to confirm compliance by inspection.

3. The Licensee failed to comply with O. Reg. 166/11, s. 23; Behaviour management.

Specifically, the Licensee failed to comply with the following subsection(s):

23. (1) Every licensee of a retirement home shall develop and implement a written behaviour management strategy that includes,

- (a) techniques to prevent and address resident behaviours that pose a risk to the resident or others in the home;
- (b) strategies for interventions to prevent and address resident behaviours that pose a risk to the resident or others in the home;
- (c) strategies for monitoring residents that have demonstrated behaviours that pose a risk to the resident or others in the home;

23. (2) The licensee shall ensure that all staff who provide care services to residents are advised at the beginning of every shift of each resident whose behaviours require heightened monitoring because those behaviours pose a risk to the resident or others in the home.

Inspection Finding

The Licensee failed to follow the directives of the home’s behaviour management strategies as techniques, interventions, and strategies developed and implemented for a resident whose sexually abusive behaviour poses a risk of harm to the other residents in the home, were ineffective and inappropriate. Further, there were no strategies in the resident’s plan of care for monitoring, and there was no evidence staff were advised at the beginning of every shift of the resident’s behaviours that required heightened monitoring.

Outcome

The Licensee has advised it has taken corrective action to achieve compliance. RHRA to confirm compliance by inspection.

4. The Licensee failed to comply with the RHA, S.O. 2010, c. 11, s. 62; Contents of plan.

The Licensee failed to comply with the RHA, S.O. 2010, c. 11, s. 62; Persons who approve plans of care.

The Licensee failed to comply with the RHA, S.O. 2010, c. 11, s. 62; Reassessment and revision.

The Licensee failed to comply with O. Reg. 166/11, s. 48; Approval of the plan of care.

Specifically, the Licensee failed to comply with the following subsection(s):

62. (4) The licensee of a retirement home shall ensure that there is a written plan of care for each resident of the home that sets out,

- (b) the planned care services for the resident that the licensee will provide, including,
 - (i) the details of the services,
 - (ii) the goals that the services are intended to achieve,
 - (iii) clear directions to the licensee’s staff who provide direct care to the resident;

62. (9) The licensee shall ensure that the following persons have approved the plan of care, including any revisions to it, and that a copy is provided to them:

- 1. The resident or the resident’s substitute decision-maker.

62. (12) The licensee shall ensure that the resident is reassessed and the plan of care reviewed and revised at least every six months.

48. (1) For the purposes of paragraph 2 of subsection 62 (9) of the Act and subject to subsection (2), the licensee shall ensure that a resident’s plan of care is approved by,

- (a) a member of the College of Physicians and Surgeons of Ontario or the College of Nurses of Ontario;

Inspection Finding

The evidence showed there were several areas of non-compliance related to the residents’ plans of care reviewed on the day of inspection. Specifically, not all plans of care were approved by the residents and/or their substitute decision-makers or by a regulated nurse or physician, and not all goals, details or directions to staff for care services provided to residents were documented. In addition, the home was unable to demonstrate that a resident’s plan of care was reviewed and revised every six months as required.

Outcome

The Licensee must take corrective action to achieve compliance.

5. The Licensee failed to comply with O. Reg. 166/11, s. 27; Infection prevention and control program.

Specifically, the Licensee failed to comply with the following subsection(s):

27. (5) The licensee of a retirement home shall ensure that,

- (0.b) all reasonable steps are taken in the retirement home to follow,
 - (i) any directive respecting coronavirus (COVID-19) issued to long-term care homes by the Chief Medical Officer of Health under section 77.7 of the Health Protection and Promotion Act,

Inspection Finding

The Licensee failed to follow the recommendations, guidance and advice by the Chief Medical Officer of

Health regarding COVID-19, as a staff member was observed in the home without the required face mask and did not remain two metres away from others.

Outcome

The Licensee has advised it has taken corrective action to achieve compliance. RHRA to confirm compliance by inspection.
