- (b) the resident’s care needs change or the care services set out in the plan are no longer necessary;

**Inspection Finding**

The plan of care for a resident who demonstrated behaviours and was resistive to care did not contain appropriate details, goals and clear directions to staff who provided services to the resident for behaviour management. In addition, the resident was not reassessed, and the resident’s plan of care was not updated after the resident to resident incident earlier in the year.

**Outcome**

The Licensee has advised it has taken corrective action to achieve compliance. RHRA to confirm compliance by inspection.

Section 55 of the RHA requires that the Final Inspection Report be posted in the home in a conspicuous and easily accessible location. In addition, the Licensee must ensure that copies of every Final Inspection Report from the previous two (2) years are made available in the Home, in an easily accessible location.
