Inspection Finding

The inspector reviewed a sample of training records in the areas of zero tolerance of abuse, Bill of Rights, Infection control, Whistle Blower protection, PASDs, fire prevention and safety, complaints, and behaviour management. The inspector reviewed not only records for staff hired in 2022 to determine compliance with orientation training, but also a sample of training records for those hired prior to 2022 to determine compliance with annual training in these areas. The inspector found that the orientation training for three staff was not completed prior to the staff member working in the home in the areas of infection control, Bill of Rights, PASDs, fire prevention and safety, and complaints. For the annual training files reviewed, all of the staff files sampled had completed training in 2021 or 2022 in the reviewed training areas. Although the home was compliant in annual training, the home was not able to demonstrate that orientation training was being completed in alignment with the regulations.

Outcome

The Licensee submitted a plan to achieve compliance by December 4, 2022. RHRA to confirm compliance by following up with the Licensee or by inspection.
