

**FINAL INSPECTION REPORT**  
**Under the *Retirement Homes Act, 2010***

**Inspection Information**

**Date of Inspection: 11/27/2023**

**Name of Inspector: Nathalie Bartlett**

**Inspection Type: Routine Inspection**

**Licensee: ACC-002470 - Chartwell Master Care Corporation**

**Retirement Home: Chartwell Hartford Retirement Residence**

**License Number: N0056**

**About Routine Inspections**

A routine inspection, performed by an RHRA inspector, is a physical inspection of a licensed retirement home. During a routine inspection, an RHRA inspector will walk through the home, speak to residents and staff, observe care services and conditions in the home, and ensure the licensee's management and staff follow mandatory policies and practices designed to protect the welfare of residents.

Following a routine inspection, the RHRA inspector prepares a draft inspection report which is sent to the licensee. The draft report may include instances where the licensee has failed to meet the standards of the *RHA*. If included, the licensee can respond to these instances and is strongly encouraged to inform RHRA of its plans to meet the standards of the *RHA*.

Following the draft report, the RHRA inspector prepares this final inspection report, incorporating any response from the licensee with their plans to meet the standards of the *RHA*. The most recent final inspection report must be posted in the home in a visible and easily accessible location. All final inspection reports from the previous two years must also be made available in an easily accessible location in the home. The licensee must provide a copy of this report to the home's Residents' Council, if one exists.

In addition to inspection reports, RHRA may provide information to a licensee to encourage improvements of their current practices.

If the licensee repeatedly does not meet the required standards, RHRA may take further action.

**Focus Areas**

*During a routine inspection, an inspector will focus primarily on a set number of areas which have been identified as related to the health, safety and wellbeing of resident, and may take various actions to determine whether the licensee is compliant with the RHA in relating to the areas. The areas listed in this section are ones which an inspector has identified as non-compliant.*

**Focus Area #1: Emergency Plan**

**RHRA Inspector Findings**

The inspector reviewed the Licensee's emergency plans and found that the testing for full evacuation had not been completed since August 2021. The Licensee failed to ensure that testing was completed within the proper timeline as required.

**Outcome**

The Licensee submitted a plan to achieve compliance by Fri Dec 08 2023. RHRA to confirm compliance by following up with the Licensee or by inspection.

**Focus Area #2: Resident Record, Assessment, Plan of Care**

**RHRA Inspector Findings**

The inspector reviewed a sample of resident care files and found that 2 residents' plans of care did not include the details of all the care services which the residents are receiving from the Licensee and external caregivers. The Licensee failed to ensure that one of the resident's plans of care had been approved as required. The Licensee failed to update one of the resident plan of care when there was a change as required. The Licensee failed to ensure that the resident's plan of care included all the required information.

**Outcome**

The Licensee submitted a plan to achieve compliance by Fri Dec 08 2023. RHRA to confirm compliance by following up with the Licensee or by inspection.

**Additional Findings**

*During a routine inspection, an inspector may observe areas of non-compliance that are not related to the standard focus areas. In these cases, an inspector may cite the home for these contraventions at the time of this inspection. In addition, an inspector may follow-up on findings of non-compliance from previous inspections. Where the licensee is unable to demonstrate they have come into compliance or maintained compliance, an inspector may cite the home for these repeat contraventions at the time of this inspection.*
