

**FINAL INSPECTION REPORT**  
**Under the *Retirement Homes Act, 2010***

Inspection Information	
<b>Date of Inspection:</b> February 14, 2024	<b>Name of Inspector:</b> Tania Buko
<b>Inspection Type:</b> Routine Inspection	
<b>Licensee:</b> ACC-002486 - Sienna-Sabra LP	
<b>Retirement Home:</b> Aspira Harvest Crossing Retirement Living	
<b>License Number:</b> S0543	

About Routine Inspections
<p>A routine inspection, performed by an RHRA inspector, is a physical inspection of a licensed retirement home. During a routine inspection, an RHRA inspector will walk through the home, speak to residents and staff, observe care services and conditions in the home, and ensure the licensee’s management and staff follow mandatory policies and practices designed to protect the welfare of residents.</p> <p>Following a routine inspection, the RHRA inspector prepares a draft inspection report which is sent to the licensee. The draft report may include instances where the licensee has failed to meet the standards of the <i>RHA</i>. If included, the licensee can respond to these instances and is strongly encouraged to inform RHRA of its plans to meet the standards of the <i>RHA</i>.</p> <p>Following the draft report, the RHRA inspector prepares this final inspection report, incorporating any response from the licensee with their plans to meet the standards of the <i>RHA</i>. The most recent final inspection report must be posted in the home in a visible and easily accessible location. All final inspection reports from the previous two years must also be made available in an easily accessible location in the home. The licensee must provide a copy of this report to the home’s Residents’ Council, if one exists.</p> <p>In addition to inspection reports, RHRA may provide information to a licensee to encourage improvements of their current practices.</p> <p>If the licensee repeatedly does not meet the required standards, RHRA may take further action.</p>

Focus Areas
<p><i>During a routine inspection, an inspector will focus primarily on a set number of areas which have been identified as related to the health, safety and wellbeing of resident, and may take various actions to determine whether the licensee is compliant with the RHA in relating to the areas. The areas listed in this section are ones which an inspector has identified as non-compliant.</i></p>
<p><b>Focus Area #1: Abuse and Neglect</b></p>

**RHRA Inspector Findings**

As part of the routine inspection, the Inspector interviewed staff and reviewed documentation regarding recent incidents regarding alleged financial abuse and alleged staff to resident emotional abuse. The Inspector found that the Licensee investigated the incidents but failed to report them to the Registrar as required.

**Outcome**

The Licensee must take corrective action to achieve compliance.

**Focus Area #2: Emergency Plan****RHRA Inspector Findings**

The Inspector interviewed staff and reviewed the Licensee's records of testing for their Emergency Plan and found that although the home completed all the required testing, it was not within the required time period of every 12 months for situations involving medical emergencies and missing residents.

**Outcome**

The Licensee must take corrective action to achieve compliance.

**Additional Findings**

*During a routine inspection, an inspector may observe areas of non-compliance that are not related to the standard focus areas. In these cases, an inspector may cite the home for these contraventions at the time of this inspection. In addition, an inspector may follow-up on findings of non-compliance from previous inspections. Where the licensee is unable to demonstrate they have come into compliance or maintained compliance, an inspector may cite the home for these repeat contraventions at the time of this inspection.*
