

FINAL INSPECTION REPORT
Under the *Retirement Homes Act, 2010*

Inspection Information	
Date of Inspection: March 12, 2024	Name of Inspector: Angela Newman
Inspection Type: Routine Inspection	
Licensee: ACC-003192 - Seaforth Retirement Inc.	
Retirement Home: Maplewood Manor	
License Number: S0211	

About Routine Inspections
<p>A routine inspection, performed by an RHRA inspector, is a physical inspection of a licensed retirement home. During a routine inspection, an RHRA inspector will walk through the home, speak to residents and staff, observe care services and conditions in the home, and ensure the licensee’s management and staff follow mandatory policies and practices designed to protect the welfare of residents.</p> <p>Following a routine inspection, the RHRA inspector prepares a draft inspection report which is sent to the licensee. The draft report may include instances where the licensee has failed to meet the standards of the <i>RHA</i>. If included, the licensee can respond to these instances and is strongly encouraged to inform RHRA of its plans to meet the standards of the <i>RHA</i>.</p> <p>Following the draft report, the RHRA inspector prepares this final inspection report, incorporating any response from the licensee with their plans to meet the standards of the <i>RHA</i>. The most recent final inspection report must be posted in the home in a visible and easily accessible location. All final inspection reports from the previous two years must also be made available in an easily accessible location in the home. The licensee must provide a copy of this report to the home’s Residents’ Council, if one exists.</p> <p>In addition to inspection reports, RHRA may provide information to a licensee to encourage improvements of their current practices.</p> <p>If the licensee repeatedly does not meet the required standards, RHRA may take further action.</p>

Focus Areas
<p><i>During a routine inspection, an inspector will focus primarily on a set number of areas which have been identified as related to the health, safety and wellbeing of resident, and may take various actions to determine whether the licensee is compliant with the RHA in relating to the areas. The areas listed in this section are ones which an inspector has identified as non-compliant.</i></p>
<p>Focus Area #1: Complaints</p>

RHRA Inspector Findings
<p>As part of the routine inspection, the inspector reviewed the Licensee's record of written complaints and determined there were no quarterly analyses of the written record of complaints in 2023. The</p>

Licensee failed to ensure that their written record of complaints included all the required elements.

Outcome

The Licensee has advised it has taken corrective action to achieve compliance. RHRA to confirm compliance by following up with the Licensee or by inspection.

Focus Area #2: Emergency Plan

RHRA Inspector Findings

As part of the routine inspection, the inspector reviewed the Licensee's records of testing for their emergency plans and found that the testing for situations involving loss of essential services, missing person, violent outbursts, and test of the pandemic/epidemic plan had not been completed annually. In addition, the Licensee failed to conduct a planned evacuation of the home at least once every two years. The Licensee failed to ensure that testing of the emergency plan was completed as required.

Outcome

The Licensee provided information indicating that corrective action was being taken, however, further action must be taken to achieve compliance with all areas outlined in the finding. RHRA to confirm compliance by following up with the Licensee or by inspection.

Focus Area #3: Infection Prevention and Control

RHRA Inspector Findings

As part of the routine inspection, the inspector reviewed records of the Licensee's infection prevention and control program and found no annual consultation with the public health unit in 2023. In addition, the Licensee failed to follow the recommendations of the Chief Medical Officer of Health by failing to post passive screening questions for COVID-19 at the entrance of the home. The Licensee failed to fully implement the required components of its infection prevention and control program.

Outcome

The Licensee has advised it has taken corrective action to achieve compliance. RHRA to confirm compliance by following up with the Licensee or by inspection.

Focus Area #4: Resident Record, Assessment, Plan of Care

RHRA Inspector Findings

As part of the routine inspection, the inspector reviewed a sample of resident care files and found one resident did not have an initial care plan developed within two days of admission. In addition, the Licensee failed to ensure that another resident's care plan was based on an assessment of the resident in relation to behavior management and the care plan did not include directions to staff who provide assistance with dressing for this resident. The Licensee failed to ensure the residents' care plans included all the required components under legislation.

Outcome

The Licensee has demonstrated it has taken corrective action to achieve compliance.

Focus Area #5: Staff Training

RHRA Inspector Findings

As part of the routine inspection, the inspector reviewed a sample of orientation training records in the areas of zero tolerance of abuse, resident bill of rights, infection control, whistle blower protection, personal assistance services devices, injury prevention, fire prevention and safety, and complaints. The inspector found two staff had not completed their full mandatory orientation training. The Licensee

failed to ensure orientation training was completed as required.

Outcome

The Licensee has demonstrated it has taken corrective action to achieve compliance.

Additional Findings

During a routine inspection, an inspector may observe areas of non-compliance that are not related to the standard focus areas. In these cases, an inspector may cite the home for these contraventions at the time of this inspection. In addition, an inspector may follow-up on findings of non-compliance from previous inspections. Where the licensee is unable to demonstrate they have come into compliance or maintained compliance, an inspector may cite the home for these repeat contraventions at the time of this inspection.
