

## FINAL INSPECTION REPORT

### Under the *Retirement Homes Act, 2010*

#### Inspection Information

Date of Inspection: October 28, 2024

Name of Inspector: Mark Dennis

Inspection Type: Routine Inspection

Licensee: ACC-003122 - 2596217 Ontario Inc.

Retirement Home: Georgian Bay MyLife Retirement Living

License Number: N0469

#### About Routine Inspections

A routine inspection, performed by an RHRA inspector, is a physical inspection of a licensed retirement home. During a routine inspection, an RHRA inspector will walk through the home, speak to residents and staff, observe care services and conditions in the home, and ensure the licensee's management and staff follow mandatory policies and practices designed to protect the welfare of residents.

Following a routine inspection, the RHRA inspector prepares a draft inspection report which is sent to the licensee. The draft report may include instances where the licensee has failed to meet the standards of the *RHA*. If included, the licensee can respond to these instances and is strongly encouraged to inform RHRA of its plans to meet the standards of the *RHA*.

Following the draft report, the RHRA inspector prepares this final inspection report, incorporating any response from the licensee with their plans to meet the standards of the *RHA*. The most recent final inspection report must be posted in the home in a visible and easily accessible location. All final inspection reports from the previous two years must also be made available in an easily accessible location in the home. The licensee must provide a copy of this report to the home's Residents' Council, if one exists.

In addition to inspection reports, RHRA may provide information to a licensee to encourage improvements of their current practices.

If the licensee repeatedly does not meet the required standards, RHRA may take further action.

#### Focus Areas

*During a routine inspection, an inspector will focus primarily on a set number of areas which have been identified as related to the health, safety and wellbeing of resident, and may take various actions to determine whether the licensee is compliant with the RHA in relating to the areas. The areas listed in this section are ones which an inspector has identified as non-compliant.*

##### Focus Area #1: Emergency Plan

**RHRA Inspector Findings**

During the inspection, the Inspector reviewed the home emergency plan. There is a requirement that the Licensee shall keep emergency supplies set aside in the event of an emergency. These supplies must be regularly inventoried and tested. The home did have emergency supplies set aside, but there was no evidence of regular testing. The Licensee failed to inventory and test emergency supplies set aside as prescribed.

**Outcome**

The Licensee has demonstrated it has taken corrective action to achieve compliance.

**Focus Area #2: Staff Training****RHRA Inspector Findings**

During the inspection, the Inspector reviewed staff training records. There is a requirement that new hires shall complete mandatory training prior to working in the home. The inspection showed that 3 staff members had not completed the mandatory training in those area's prescribed.

**Outcome**

The Licensee has demonstrated it has taken corrective action to achieve compliance.

**Additional Findings**

*During a routine inspection, an inspector may observe areas of non-compliance that are not related to the standard focus areas. In these cases, an inspector may cite the home for these contraventions at the time of this inspection. In addition, an inspector may follow-up on findings of non-compliance from previous inspections. Where the licensee is unable to demonstrate they have come into compliance or maintained compliance, an inspector may cite the home for these repeat contraventions at the time of this inspection.*

**Not Applicable**

**Current Inspection – Citations**

*Citations relating to the above Focus Areas or Additional Findings made during the current inspection are listed below.*

**Not Applicable**

**Closed Citations**

*During an inspection, an inspector may follow-up with areas of non-compliance cited during a previous inspection, or verify compliance with areas initially cited during the current inspection. The inspector has verified that at the time of this report, the licensee was able to demonstrate that the following areas have come into compliance.*

**Retirement Homes Act, 2010:****s. 65. (2); Training**

65. (2) Every licensee of a retirement home shall ensure that no staff work in the home unless they have received training in,

**s. 65. (2), (a)**

**s. 65. (2), (h)**

(h) the emergency plan and the infection prevention and control program of the licensee for the home mentioned in subsection 60 (4);

**Ontario Regulation 166/11:**

**s. 14. (1); Staff training**

14. (1) For the purposes of clause 65 (2) (j) of the Act, every licensee of a retirement home shall ensure that all staff who work in the home receive training in the procedure described in subsection 73 (1) of the Act for a person to complain to the licensee.

**s. 14. (5); Staff training**

14. (5) The licensee shall ensure that the persons who are required to receive the training described in subsection 65 (5) of the Act receive that training on an ongoing basis, namely at least annually after receiving the training described in subsection (4).

**s. 25. (3); Emergency plan, retirement home with more than 10 residents**

25. (3) The licensee shall ensure that the emergency plan provides for the following:

**s. 25. (3), para. 3**

3. Resources, supplies and equipment vital for the emergency response being set aside and readily available at the retirement home and regular testing of all such resources, supplies and equipment to ensure that they are in working order.

**s. 27. (9); Infection prevention and control program**

27. (9) The licensee shall ensure that each staff member who works in the retirement home receives training on how to reduce the incidence of infectious disease transmission, including,

**s. 27. (9), (a)**

(a) the need for and method of maintaining proper hand hygiene and method of preventing cross contamination, including proper handling of soiled linens, the protection of uniforms, and the separation of clean and dirty items;

**s. 27. (9); Infection prevention and control program**

27. (9) The licensee shall ensure that each staff member who works in the retirement home receives training on how to reduce the incidence of infectious disease transmission, including,

**s. 27. (9), (b)**

(b) the need for and process of reporting, providing surveillance of and documenting incidents of infectious illness.

**s. 41. (5); Dementia care program**

41. (5) The program shall be evaluated at least annually and the licensee shall keep a written record of each evaluation.

## NOTICE

The Final Inspection Report is being provided to the Licensee, the Registrar of the RHRA and the home's Residents' Council, if any.

Section 55 of the *RHA* requires that the Final Inspection Report be posted in the home in a conspicuous and easily accessible location. In addition, the Licensee must ensure that copies of every Final Inspection Report from the previous two (2) years are made available in the Home, in an easily accessible location.

The Registrar's copy of the Final Inspection Report, as it appears here, will be included on the RHRA Retirement Home Database available online at <http://www.rhra.ca/en/retirement-home-database>.
