|---------------------------------------------|----------------------------------|
| Date of Inspection: April 11, 2025          | Name of Inspector: Angela Newman |
| Inspection Type: Routine Inspection         |                                  |
| Licensee: ACC-002601 - McVean Holding Corp. |                                  |
| Retirement Home: McVean Lodge               |                                  |
| License Number: S0113                       |                                  |

#### About Routine Inspections

A routine inspection, performed by an RHRA inspector, is a physical inspection of a licensed retirement home. During a routine inspection, an RHRA inspector will walk through the home, speak to residents and staff, observe care services and conditions in the home, and ensure the licensee's management and staff follow mandatory policies and practices designed to protect the welfare of residents.

Following a routine inspection, the RHRA inspector prepares a draft inspection report which is sent to the licensee. The draft report may include instances where the licensee has failed to meet the standards of the *RHA*. If included, the licensee can respond to these instances and is strongly encouraged to inform RHRA of its plans to meet the standards of the *RHA*.

Following the draft report, the RHRA inspector prepares this final inspection report, incorporating any response from the licensee with their plans to meet the standards of the *RHA*. The most recent final inspection report must be posted in the home in a visible and easily accessible location. All final inspection reports from the previous two years must also be made available in an easily accessible location in the home. The licensee must provide a copy of this report to the home's Residents' Council, if one exists.

In addition to inspection reports, RHRA may provide information to a licensee to encourage improvements of their current practices.

If the licensee repeatedly does not meet the required standards, RHRA may take further action.

#### Focus Areas

*During a routine inspection, an inspector will focus primarily on a set number of areas which have been identified as related to the health, safety and wellbeing of resident, and may take various actions to determine whether the licensee is compliant with the RHA in relating to the areas. The areas listed in this section are ones which an inspector has identified as non-compliant.*

#### Focus Area #1: Resident Record, Assessment, Plan of Care

#### RHRA Inspector Findings

As part of the routine inspection, the inspector reviewed a sample of resident files. A review of two residents' plans of care indicated that the plans were not updated at the time the residents' care needs

changed, in relation to fall risk management and behaviour management. The Licensee failed to ensure the plans were in compliance with the legislation.

**Outcome**

The Licensee has demonstrated it has taken corrective action to achieve compliance.

**Focus Area #2: Staff Training**

**RHRA Inspector Findings**

As part of the routine inspection, the inspector reviewed a sample of staff training records in the areas of zero tolerance of abuse, resident bill of rights, infection control, injury prevention, whistle blower protection, personal assistance services devices, fire prevention and safety, emergency plan, complaints, behaviour management, and medication administration. The Licensee was not able to demonstrate that mandatory annual training was completed in alignment with the regulations.

**Outcome**

The Licensee has demonstrated it has taken corrective action to achieve compliance.

**Additional Findings**

*During a routine inspection, an inspector may observe areas of non-compliance that are not related to the standard focus areas. In these cases, an inspector may cite the home for these contraventions at the time of this inspection. In addition, an inspector may follow-up on findings of non-compliance from previous inspections. Where the licensee is unable to demonstrate they have come into compliance or maintained compliance, an inspector may cite the home for these repeat contraventions at the time of this inspection.*

**Not Applicable**

**Current Inspection – Citations**

*Citations relating to the above Focus Areas or Additional Findings made during the current inspection are listed below.*

**Not Applicable**

**Closed Citations**

*During an inspection, an inspector may follow-up with areas of non-compliance cited during a previous inspection, or verify compliance with areas initially cited during the current inspection. The inspector has verified that at the time of this report, the licensee was able to demonstrate that the following areas have come into compliance.*

**Retirement Homes Act, 2010:**

**s. 62. (12); Reassessment and revision**

62. (12) The licensee shall ensure that the resident is reassessed and the plan of care reviewed and revised at least every six months and at any other time if, in the opinion of the licensee or the resident,

**s. 62. (12); Reassessment and revision**

62. (12) The licensee shall ensure that the resident is reassessed and the plan of care reviewed and revised at least every six months and at any other time if, in the opinion of the licensee or the resident,

**s. 62. (12), (b)**

(b) the resident's care needs change or the care services set out in the plan are no longer necessary;

**s. 65. (4); On-going training**

65. (4) The licensee shall ensure that the persons who are required to receive the training described in subsection (2) receive on-going training as described in that subsection at the times required by the regulations.

**Ontario Regulation 166/11:**

**s. 14. (2); Staff training**

14. (2) For the purposes of subsection 65 (4) of the Act, the licensee shall ensure that the persons who are required to receive training under subsection 65 (2) of the Act receive the training at least annually.

**s. 14. (5); Staff training**

14. (5) The licensee shall ensure that the persons who are required to receive the training described in subsection 65 (5) of the Act receive that training on an ongoing basis, namely at least annually after receiving the training described in subsection (4).

**s. 47. (5); Development of plan of care**

47. (5) If an assessment of a resident indicates that the resident's care needs may include dementia care, skin and wound care or the use of a personal assistance services device, the licensee shall ensure that an interdisciplinary care conference is held as part of the development of the resident's plan of care and that the resident's plan of care takes into account the results of the care conference.

## NOTICE

The Final Inspection Report is being provided to the Licensee, the Registrar of the RHRA and the home's Residents' Council, if any.

Section 55 of the *RHA* requires that the Final Inspection Report be posted in the home in a conspicuous and easily accessible location. In addition, the Licensee must ensure that copies of every Final Inspection Report from the previous two (2) years are made available in the Home, in an easily accessible location.

The Registrar's copy of the Final Inspection Report, as it appears here, will be included on the RHRA Retirement Home Database available online at <http://www.rhra.ca/en/retirement-home-database>.
