

**FINAL INSPECTION REPORT**  
**Under the *Retirement Homes Act, 2010***

Inspection Information	
Date of Inspection: 5/2/2025	Name of Inspector: Natalie Fahey
Inspection Type: Routine Inspection	
Licensee: ACC-002974 - Westmount Terrace I Inc.	
Retirement Home: Westmount Terrace I	
License Number: S0088	

About Routine Inspections
<p>A routine inspection, performed by an RHRA inspector, is a physical inspection of a licensed retirement home. During a routine inspection, an RHRA inspector will walk through the home, speak to residents and staff, observe care services and conditions in the home, and ensure the licensee’s management and staff follow mandatory policies and practices designed to protect the welfare of residents.</p> <p>Following a routine inspection, the RHRA inspector prepares a draft inspection report which is sent to the licensee. The draft report may include instances where the licensee has failed to meet the standards of the <i>RHA</i>. If included, the licensee can respond to these instances and is strongly encouraged to inform RHRA of its plans to meet the standards of the <i>RHA</i>.</p> <p>Following the draft report, the RHRA inspector prepares this final inspection report, incorporating any response from the licensee with their plans to meet the standards of the <i>RHA</i>. The most recent final inspection report must be posted in the home in a visible and easily accessible location. All final inspection reports from the previous two years must also be made available in an easily accessible location in the home. The licensee must provide a copy of this report to the home’s Residents’ Council, if one exists.</p> <p>In addition to inspection reports, RHRA may provide information to a licensee to encourage improvements of their current practices.</p> <p>If the licensee repeatedly does not meet the required standards, RHRA may take further action.</p>

Focus Areas
<p><i>During a routine inspection, an inspector will focus primarily on a set number of areas which have been identified as related to the health, safety and wellbeing of resident, and may take various actions to determine whether the licensee is compliant with the RHA in relating to the areas. The areas listed in this section are ones which an inspector has identified as non-compliant.</i></p> <p><b>Focus Area #1: Abuse and Neglect</b></p>

**RHRA Inspector Findings**

The inspector found evidence through documentation in the home and interviews with residents and staff that two incidents of alleged staff-to-resident emotional and verbal abuse had occurred. Although the home stated that they did investigate the matters and took action regarding these concerns, there was no incident report or investigation documented, as required by the home's zero tolerance for abuse policy. Furthermore, neither incident had not been reported to the RHRA. The Licensee failed to follow their zero tolerance for abuse policy fully and failed to ensure that an alleged incident of abuse was reported as required.

**Outcome**

The Licensee must take corrective action to achieve compliance.

**Focus Area #2: Complaints****RHRA Inspector Findings**

The inspector reviewed the Licensee's complaints log and noted that two recent complaints did not have compliant written records. Specifically, the record of the complaints did not include the dates which responses were provided to the complainant and descriptions of the responses, as well as the responses made in turn by the complainant. Furthermore, there was no quarterly analysis completed of the home's complaints logs in 2024 as required. The Licensee failed to ensure that their written record of a complaint included all the required elements and that a quarterly analysis was completed.

**Outcome**

The Licensee has demonstrated it has taken corrective action to achieve compliance.

**Focus Area #3: Emergency Plan****RHRA Inspector Findings**

The inspector reviewed the Licensee's records of testing for their emergency plans and found that the testing for situations involving violent outbursts and missing residents had not been completed annually. The Licensee failed to ensure that testing was done annually as required.

**Outcome**

The Licensee has demonstrated it has taken corrective action to achieve compliance.

**Focus Area #4: Staff Training****RHRA Inspector Findings**

The inspector reviewed a sample of training records in the areas of Zero tolerance of abuse, Bill of Rights, Infection control, Whistle Blower protection, Personal Assistive Service Devices (PASDs), Fire prevention and safety, Emergency plans, Injury prevention, Complaints, Behaviour management, and relevant Care services. The inspector reviewed not only records for staff recently hired to determine compliance with orientation training, but also a sample of training records for those hired previously to determine compliance with annual training in these areas.

The inspector found that the orientation training for one new staff was not completed prior to the staff member working in the home. For the annual training files reviewed, one staff had not completed annual re-training in 2024 in the reviewed training areas.

The home was not able to determine that orientation and annual training was being completed in alignment with the regulations.

**Outcome**

The Licensee has demonstrated it has taken corrective action to achieve compliance.

**Additional Findings**

*During a routine inspection, an inspector may observe areas of non-compliance that are not related to the standard focus areas. In these cases, an inspector may cite the home for these contraventions at the time of this inspection. In addition, an inspector may follow-up on findings of non-compliance from previous inspections. Where the licensee is unable to demonstrate they have come into compliance or maintained compliance, an inspector may cite the home for these repeat contraventions at the time of this inspection.*
