

September 2018

2019 Fee Schedule

The RHRA Board of Directors has approved the 2019 fee schedule. Operators and licensees will be receiving specific information on the fees owing for your home(s) for 2019, as well as the timeframes and methods of payment by email on November 1, 2018.

Here's what you need to know about the 2019 fee schedule:

The RHRA makes every effort to keep fees to a minimum while working to ensure that any changes year-over-year are steady and predictable without unexpected spikes. In determining the rate increase for 2019, the board considered several factors including our current levels of regulatory activity, the RHRA's overall financial position and changes in the various measures of inflation.

These factors are reflected in the changes to the fee schedule as follows:

- The annual fees will increase by 20 cents per suite per month from \$9.79 in 2018 to \$9.99 for 2019. This 2 per cent increase reflects inflation rates.
- There will be no changes to any other fees including late fees, application fees, other charges.

The new rate is effective January 1, 2019.

Annual fees are the primary source of revenue for the RHRA, accounting for 90 per cent of all revenue. As a not-for-profit corporation the RHRA does not receive funding from other sources including government, therefore, we must ensure we are operating with a sustainable financial model while fulfilling our legislative mandate. This includes making data-driven decisions to focus our attention where it is most needed, as well as putting more emphasis on activities to support compliance and enable operators to meet standards.
